WELCOME MESSAGE - EGA PRESIDENT

The European Golf Association is most grateful to the French Golf Federation and to the Golf de Saint-Germain for hosting the 2022 European Ladies' Amateur Championship.

I know that all golfers will enjoy the privilege of competing in this event and that the winner will relish the opportunity of playing in the 2022 AIG Women's Open at Muirfield.

As always, friendships will be enhanced by the friendly rivalry which this event provides, and I wish all competitors a very happy and enjoyable championship!

WELCOME MESSAGE - FFGOLF PRESIDENT

The French Golf Federation is delighted to host the 2022 European Ladies' Amateur Championship at Golf de Saint-Germain. It is our great pleasure to organize this tournament and receive players from all over Europe.

I would like to extend a warm welcome to all players and officials and wish everyone involved a most happy and successful championship. I am sure that players will enjoy the test of golf which the Golf de Saint-Germain course always provides.

Created in 1922, the Golf de Saint-Germain was designed by Harry Colt, the famous architect who also designed Royal Portrush Golf Club. In 1964, thanks to Lally Segard, this amazing course had the privilege to host the 1st World Amateur Women's Team Championship, the Espirito Santo Trophy. Above all, the women players will surely enjoy the traditional clubhouse full of History.

I know that, as ever, the Committee and the members of the Club along with the ffgolf team will do their best to ensure an enjoyable tournament for all the competitors.

Thank you to the EGA for their confidence.
Best wishes to all for a most memorable championship.

Pascal Grizot
French Golf Federation President

WELCOME MESSAGE THE GOLF DE SAINT-GERMAIN PRESIDENT

Dear Players,

The Golf de Saint-Germain committee and our members welcome you to this European Ladies' Amateur Championship.

First, I would like to thank the EGA and the French Golf Federation for their support: this year, our course celebrates its centenary! It is therefore a special honor to have you here, coming from all over Europe. Our Club has a long tradition in women's golf, both amateur and professional: we have hosted some of the most prestigious events such as the Espirito Santo Trophy, the European Ladies' Team Championship, numerous French Championships, and the Hennessy Cup.

Established since 1922 in the heart of the Saint-Germain-en-Laye forest, the Club features two courses, designed by the great English architect Harry COLT. As you will find out, our 18-hole course is particularly well suited to women's golf: a good balance between strategy and accuracy. I hope that you will enjoy its design as well as our facilities!

I wish everyone good luck for this championship and a wonderful week!

Jean- Paul DAVIN
President Golf de Saint-Germain

GOLF DE SAINT GERMAIN

BRIEF HISTORY

The early years

The origins began with Mr de la Lombardière, one of the few French people who played golf at that time. He and his friend, Georges Durand, formed a partnership with Louis Trouvet to create the Ermitage Golf Club, at Port Marly.

The club had only nine holes. The farm, which was used as the clubhouse, was in a flood risk area. By 1920 the number of members had grown to about 150, for which the existing facility was too small, so 52 hectares were bought in Saint-Germain and thus Saint-Germain Golf Club, as we know it today, was born.

In December 1920, Georges Durand brought in Harry Colt to oversee the design and construction of the course.

Colt's ambition was to create a course of differing holes in the middle of the forest. He created an artificial landscape with mounds for bunkers and a few elevated greens.

He favoured strategy over punishment and made sure that it was a test for a good player while giving encouragement to less talented players.

In 1921, the clubhouse at Marly was dismantled, transported to Saint Germain, and reconstructed.

The official opening took place on 15 January 1922. Harry Colt's original design was shorter and quite different from the course that is played today.

A few years later the Club was able to purchase an additional 20 hectares and Harry Colt was reappointed to re-design the course and also create a 9-hole course called the Parcours de Genêts. This is the basis of the club today.

The modern era

Since its creation the course has been consistently upgraded with new machinery and technology making significant improvements. Over the last few decades, a garage and repair room, a caddie lodge have been built, and a golf school have been created.

In 2002 a new short game practice area was created, including two greens and four bunkers for putting and chipping.

Saint-Germain has recently made it into the top 20 of Golf World's top 100 courses in Continental Europe and is talked about by many in the know as a real hidden gem.

The club has hosted the French Open nine times and the last winner here was Seve Ballesteros in 1985, when he shot a course record 62 (tied by a member Thomas Perrot in 2019).

The first World Amateur Team Championship for women was held over the course in 1964, when the French Team lifted the prestigious Espirito Santo Trophy.

Regularly, the Club has organized many amateur and professional tournaments such as the Hennessy Cup, the Ford Trophy, the European Ladies' Team Championship, and numerous French championships.
