PORTUGUESE GOLF FEDERATION PROTECTION MEASURES AGAINST COVID19

1. The European Girls' Team Championship will be included in the list of international professional competitions that are exempted from the mandatory prophylactic isolation, provided that the compliance of a set of proper measures to minimize the risk of contagion, in particular avoiding non-sport contacts, and the compliance of rules and guidelines provided by the Directorate-General for Health are ensured.
2. It is strongly recommended to reduce the number of close contacts to team members only at all times. Establishing a contact bubble is considered the most effective way in reducing contagion and facilitating traceability.
3. Players and team delegations (Captain, Coaches and Officials) must present at check-in a negative COVID-19 Test (Antigen or PCR) made 72 hours before your arrival at Portugal.
4. The teams, players and officials, must deliver to the tournament office the **Responsible Declaration** duly completed and signed.
5. If a player has symptoms compatible with those of COVID-19, he must inform the organization immediately. The player will then be isolated, referred to the nearest Health Center for evaluation and in the case of a positive test result for COVID-19, the health authorities will be immediately informed so that they can proceed according to the current local regulations.
6. The organization will place disinfectant hydrogel dispensers in strategic places: tees, next to the water coolers, practice range, putting green, card delivery, entrance to the club facilities, toilets, and any place that the organization considers strategic to ensure the safety of the players.

DURING THE COMPETITION

1. The “Recording Area” will be protected with screens to ensure health safety.
2. The use of rakes is allowed in the bunkers, provided that the player is disinfected with hydroalcoholic gel before and after use.
3. The capacity of the practice areas will be limited to avoid crowding and to guarantee social distance.
4. **According to Portuguese law, the wearing of a mask is mandatory on all occasions, except during the game and practice.**
